

Meadowview

Meadowview is one of the historic cabins built by the Stevens Institute of Technology. The current land of Johnsonburg Camp and Retreat Center was used as an engineering and surveying camp by Stevens until 1959, when it was purchased by the Synod of New Jersey to provide experiential Christian education in support of the Presbyterian Church. A simple wood cabin with two bedrooms, bathroom, sitting area with fireplace and, spacious large deck, providing the perfect retreat for 1-4 people. Meadowview looks out over Lower Meadow and is just steps away from the lake.
